PROCEEDINGS / MEMORANDUM OF THE Collector of Bellary.

Post Box No. _____ *Telegraphic Address* _____

Name A.M.A.C. Galletti Esqr. M.A., I.C.S.,

Ref. *No.* 4477/31-B5 *Dated* 9th September 1931

Short title Cholera - Bellary Municipality - precautionary measures - Council's resolutions Nos. 8 and 9 dated 6-8-31 suspended - continuance of two watchmen and a cholera maistry sanctioned.

READ—the following :—

Ref:- Bellary Chairman, Municipal Council's Endorsement J.C.1017 dated 26-8-31 on Municipal Health Officer's No. J.R. 891 dated 19-8-31.

O r d e r.

The Municipal Health Officer, Bellary in his reference J.R.No.206 dated 30-3-31 and 1-6-31 submitted proposals to the Chairman Municipal Council Bellary for the appointment of two watchmen, one for No.I well and the other for Mainwaring tank, and one cholera maistry (picketer) for the protection of the Bellary Municipality from infection by cholera which was prevailing in villages near Bellary in a severe epidemic form. These proposals were approved by the Chairman in anticipation of the sanction of the Council in view of the emergency, there being full budget provision to meet the expenditure, and the establishment was entertained from 4-7-31 for cholera preventive work. The Council in its resolution No.8 dated 6-8-31 sanctioned a watchman for the Mainwaring tank though the proposal was for two watchmen, one for No.I well and the ~~other~~ other for the tank. The Council simply suggests that hankernisation may be adopted in respect of No.I well as well as the Mainwaring tank and it has not given any reasons for not sanctioning a watchman for No.I well. As regards the appointment of a cholera maistry the Council in its resolution No.9 dated 6-8-31 declined to sanction it without assigning any reasons. In fact, the cholera maistry has been responsible for the detection of 2 cases of cholera which were promptly isolated, and which otherwise would easily have set up epidemic foci of cholera in the Municipality.

2. In the opinion of the Collector the continuance of the two watchmen and a cholera maistry in the Bellary Municipality was a reasonable cholera preventive measure, without which public

health would have been immediately subject to danger. He, therefore, in exercise of powers vested in him by section 56, sub-section 2 of the District Municipalities Act, 1920, is pleased to suspend the resolution of the Council, Nos. 8 and 9 dated 8-8-51, and subject to the final orders of Government to order under Section 57 of the District Municipalities Act to ~~xx~~ ratify the action of the Chairman in appointing two watchmen/ each on Rs.9/- per mensem and a cholera maistry on Rs.20/ plus Rs.5/ (conveyance allowance) permensem from 4-7-51 to 15-9-51. The cost of the establishment will be met from the Municipal Funds.

2. The question whether the establishment should be maintained after 15-9-51 may be further considered by the Council.

Sd/- A.M.A.C. Galletti.

(Designation) Offg. Director of Public Health, Madras.

To The Secretary to the Government of Madras,

Local Self Government (Public Health) Department.

Sir,

Retransmitted.

2. As cholera is still persisting in an epidemic form in some taluks of the district, it is possible, the contagion will be disemanated into the municipality at any time. In view of this position, I consider the step taken by the Municipal Council, Bellary, especially at this juncture as an unwise one and I entirely agree with the Collector that the resolutions already passed by the Council should be cancelled.
